Church Health Grant Overview

DESCRIPTION

The Church Health Grant is to support an initiative that will assist in moving the church toward breakthrough and greater Gospel impact.

GUIDELINES

A Church Health Grant will be awarded according to these guidelines:

- In support of a clear breakthrough initiative toward greater Gospel impact in a church in one of the following areas:
 - Outreach/Evangelism
 - Churches must submit a plan for how this grant will augment their ability to reach a segment of the community that they have struggled to reach.
 - Internships
 - Churches must submit a detailed plan and job description for the internship that demonstrates how this role will help the church to grow in Gospel impact.
 - Operational Funding
 - Churches must be able to identify a staffing/facility change that would contribute directly to a breakthrough initiative.
 - Strategic and visionary proposals towards regional multiplication will be prioritized over church budget shortfalls and facility maintenance issues. (Nov. 2023)
 - Website/Media
 - Churches must be able to identify a need for web or social media presence that would impact their ability to reach their community.
- Additional grants will be considered for an applicant only after completing a Church Health Grant Evaluation Form. This evaluation must be completed during the next open grant window.
- Preference is given to those who have not previously received this grant.
